Sit down and get comfortable. While sitting comes naturally, there's much more to the "get comfortable" part of this saying. It might take a simple height adjustment or a slide of the seat pan, but if the price of the chair does not align with your budget, it'll never be the right fit for you. Our team of industrial designers, engineers, and manufacturing automation specialists is constantly improving the product and discovering efficiencies in processes, resulting in greater value and shorter lead times.

From task to lounge, we are designing and delivering chairs that are as gorgeous as they are functional, yet most find the quality most attractive. When comparing seating, fit and finish is often a pretty good indicator of price, but with us that's not the case. Our award-winning chairs are often perceived to be much more expensive than they are. Innovation, along with unmatched manufacturing prowess, is why other brands only talk about quality while we're able to back it up with one of the best warranties in the industry. Not only will you be comfortable choosing 9to5 Seating, you'll be able to relax, knowing you will be sitting pretty for years to come.

**9to5 Seating's
ExpressShip
Program**

Need it fast? We have you covered with a wide variety of options!

Our ExpressShip program offers expedited shipment on our seating products and our 9to5 Seating fabric collections, including the Nautilus, Breeze, Signature, Vivid and M1, M2, M3, M4 & M6 Mesh. The Momentum Swift 2.0 fabric card also offers expedited shipment.

Note, if ExpressShip fabric options are combined with other fabrics, then the lead time of the fabric with the longest lead time will be used.

Memo samples are available. Please contact the factory for larger swatches.

thinking and acting green

9to5 Seating is committed to sustainable and environmentally responsible business practices. This global perspective is endorsed and executed throughout every aspect of our corporate culture, and within our warehousing, manufacturing and office facilities.

We are proud to demonstrate our commitment by offering GREENGUARD GOLD Certified products, participating in the U.S. Environmental Protection Agency's Waste Wise Program, achieving LEED® NC Gold Certification for our corporate headquarters facility, achieving LEVEL®, BIFMA's sustainability certification program for furniture, and partnering with One Tree Planted a non-profit organization committed to global reforestation.

9to5 Seating products

- Contribute to healthier interior environments
- All 9to5 Seating products are LEVEL 2 certified. HÅG Capisco, HÅG Capisco Puls, HÅG SoFi and Ellie are LEVEL 3 certified
- Add points for LEED Certification
- Are manufactured using plastic, nylon, steel, aluminum and polypropylene components that are recycled from 40% to 100%
- Use suppliers that share an earth-friendly philosophy
- Are GREENGUARD GOLD certified

Environmental Data Sheets for all 9to5 Seating products can be found at 9to5seating.com.

AHEAD OF THE CURVE

At 9to5 Seating, we know that the pace of change is always accelerating.

Our culture is one of innovation. It's in our atmosphere. Some say it's our forward-thinking California team, our constant exploration of what's next in design and technology, or the fact that we're a part of Flokk, the European leader in seating brands. We say it's all of those things and more.

Bottom line: We do it so you can rely on 9to5 Seating to consistently deliver industry-leading innovations engineered to align with the needs of an ever-changing market.
